- IDVS is a State Agency
- We follow Idaho Statute to ensure a fair and open competitive procurement process
- We utilize IPRO WebProcure an e-procurement solution to post business opportunities for vendors to submit bids
- This system allows vendors to respond to solicitations online or download non-interactive bids or proposals, update their company information and contacts, see bid results, and receive purchase orders and contracts online.
- Vendors can register for this process at <http://purchasing.idaho.gov/information-for-vendors/>
