"REQUIRED INFORMATION" is automatically formatted according to regulations & space available.

- All grave markers, for veterans and spouses alike, will include: Name of Deceased, DOB/DOD and Veteran's name/rank/service branch. All other information is optional and subject to space available. All inscribed info must have supporting documentation.
- The name line can only contain the name and suffix (Jr, Sr, III). Diminutives (i.e. Bill for William) or Maiden Names are allowed. Professional titles & nicknames are not and will be moved to the additional inscription area at the bottom of the grave marker.

"ADDITIONAL INSCRIPTION" is placed **below the required information**, and is subject to space available.

- Use this space for terms of endearment, nicknames, professional titles, specific battles, or other info not already indicated above.
- This can be changed when the second person is laid to rest and a new grave marker is ordered.
- Each grave marker has a maximum number of characters per line (letters & spaces). The number of lines available varies by type of stone and optional information that was already selected in the top portion. For questions about line limits, call the cemetery.
