FY 2022 Performance Highlights

There are more than 122,536 Veterans residing in Idaho. Federal Department of Veterans Affairs expenditures in Idaho are approximately \$1,385,859,000, broken down as follows: Compensation and pensions: \$706,314,000; readjustment benefits: \$55,789,000; medical and construction programs: \$608,878,000, and insurance and indemnities: \$7,561,000. There are also approximately 15,169 Idaho Veterans receiving retirement benefits (approx. 7,000 aged 65 or over), resulting in an additional contribution of almost \$383,568,000 annually to the State's economy. We have experienced an increase in the number of Idaho Veterans as our service members have been returning from Iraq and Afghanistan, and we expect this to continue at an even greater rate as our military downsizes. We have been working hard to stay ahead of these changes by increasing the number of Service Officers we have available to help ensure Idaho Veterans receive the benefits and compensation to which they are entitled. This is reflected in the record high of 9,071 claims filed by our Office of Veterans Advocacy this year.

Maintaining the health, wellness, safety and protection of our veterans', and their families', has been and will remain our top priority. Due to the rapidly changing guidance available related to the novel coronavirus (COVID-19) pandemic, IDVS has needed to quickly adapt our policies as new information becomes available, particularly as it pertains to visitors in our three State Veterans Homes. Idaho Division of Veterans Services is continuing to implement aggressive precautionary measures, as well as follow the strictest infectious disease control protocols and follow the most current guidance of state and federal public health officials to ensure all possible steps are being taken to protect our residents and staff.

The Pocatello and Lewiston Home were recognized by the AHCA with Silver Quality Awards and the Boise Home was recognized with a Bronze Quality Award. The Veterans Homes all had better than average surveys as compared to national and state survey results. Despite the challenges and increased demands on the homes, we have been extremely successful in the fight against COVID.

Due to both the impact of COVID-19 and the rapidly growing population in Idaho, the Veterans Cemetery Bureau performed 1,027 interment services (Cemetery Boise 972 and Cemetery Blackfoot 55) . This is a combined 18% increase from FY21. The challenges of providing these increased services were successfully met with the skills of long-term cemetery employees, the effective hiring and training of new staff and the support of CSO to continue to maintain the National Cemetery Administration Shrine Standards.

The Education Team conducted the required 19 facility compliance surveys for the VA FY22 Contract ensuring that the facilities the team approves for the GI Bill® are providing Veterans educational benefits within full compliance with Title 38. The Education Team also participated in several Job Fairs and Education Fairs in the region reaching out to veterans, active-duty service members, reservists, guardsmen, and dependents; this type of outreach is conducted in compliance with the team's VA contractual agreement and promotes awareness and understanding for VA education benefits.
