This is a one-time allowance. **Breakable** containers will **not** be placed at any time.

NOT PERMITTED:

Artificial Flowers, Potted Plants & Glass/Ceramic Vases: These are not permitted at any time of year as their presence interferes with cemetery maintenance and can damage grave markers. Any arrangements not in a green “flower vases” will be removed.

Fragile or Valuable Items: Mementos, balloons, coins, stuffed animals, permanent plantings, etc. are **prohibited** and will be **removed**. We recommend that you do not leave behind any items that you consider to be valuable or sentimental, or that you wish to recover later. Cemetery Staff is **not responsible** for retaining any of these items for you.

Hazardous or Offensive Decorations: Adornments that are considered unsafe or inconsistent with the dignity of the cemetery will be removed. For example, items incorporating glass, beads or wires can become entangled in maintenance equipment and cause injury to staff or visitors.

Items Taped, Glued or Attached in any way to the Grave Markers & Niche Covers is strictly prohibited. Temporarily or permanently attaching items, writing or marking on the stone or other means of altering the granite markers is not permitted. This causes damage that requires extensive labor & cost to clean or replace, which could be at the family’s expense.

GRAVESITE MAINTENANCE:

The Cemetery is not responsible for any items left at the gravesites. Staff will remove flowers and other items as they become weathered, do not comply with regulations, or to accommodate maintenance operations. Tasks such as mowing and trimming occur throughout the week on an **as-needed** basis. There is no set schedule for which day each task takes place.

We have a diverse wildlife population year-round, and deer are especially fond of grazing on flowers left overnight at the cemetery. Caretakers will remove the remnants and clean up the area each morning.
